

N M ZARIF RAHMAN

Financial Inclusion | Digital Financial Services | Agricultural & MSME Finance

Dhaka, Bangladesh • +880 192-350-5552 • zarifrahman1898@gmail.com

[linkedin.com/in/zarifrahman](https://www.linkedin.com/in/zarifrahman)

PROFESSIONAL PROFILE

Financial inclusion and digital financial services professional with over two years of experience in Bangladesh's agri-fintech sector. Leads OGRO, an end-to-end platform that tracks the farmer journey across financing, quality inputs, market access, and agricultural advisory, and has reached 15,000 farmers to date. Manages a BDT 20+ crore bank partnership portfolio across eight banks and a BDT 10+ crore portfolio across MFIs and NGOs. Combines primary field research — including focus group discussions with 500+ farmers across 20+ upazillas — with credit risk analysis, partner bank compliance coordination, and board-level reporting. Mechanical engineering graduate of KUET with professional English proficiency (IELTS 7.0), seeking to contribute to MSC's advisory work on financial, social, and economic inclusion.

CORE COMPETENCIES

Digital Financial Services & Product Design • AI & Process Automation • Qualitative Field Research (FGDs, KIIs) • Credit Risk & Financial Analysis • Agricultural and Supply Chain Finance • Bank, MFI & NGO Partnership Management • Data Analysis, Dashboards & MIS • Board-Level Reporting and Presentation • Regulatory Compliance (KYC, CIB) • Project and Team Leadership

KEY SKILLS & EXPERTISE

Digital Financial Services & Product Development

- Led development of **OGRO**, an end-to-end digital platform tracking the farmer journey across financial inclusion, quality inputs, market access, and agricultural advisory — **15,000+ farmers reached to date**.
- Cut bank loan disbursement turnaround from over 45 days to 20 days** by digitizing onboarding, credit assessment, documentation, disbursement tracking, and collection management.
- Contributed to a **20% improvement in harvest yields** for maize and onion growers through OGRO's input, advisory, and market-linkage support.
- Built the **OGRO ERP** to automate field operations management, materially improving reporting structures and target monitoring across the field force.

Field Research, Data Analysis & Reporting

- Conducted **focus group discussions with 500+ farmers across 20+ upazillas** to diagnose constraints in access to finance, inputs, and markets, and translated findings into product and process design.
- Conducted field-level verification across multiple regions to confirm borrower authenticity and documentation accuracy.
- Analyzed loan size deviations and identified irregularities across agricultural financing portfolios; prepared dashboards, disbursement summaries, and financial forecasts for senior management.

Partnership, Stakeholder & Client Management

- Manage a **BDT 20+ crore partnership portfolio across eight banks**, including BRAC Bank, Prime Bank, Mutual Trust Bank, and City Bank.
- Manage a **BDT 10+ crore portfolio with MFIs and NGOs**, including Grameen Bank and Sajida Foundation.
- Coordinate with partner institutions on loan documentation, compliance verification (KYC, CIB checks), disbursement follow-up, and issue resolution.

Communication, Reporting & Publications

- Prepare and deliver **quarterly board-level presentations** for bank and MFI partners, for both internal management and external partner boards.
- Write **farmer impact stories** published on the WeGro website and in partner magazines.
- Pitch business cases to senior decision-makers — **Champion, WeGro Pitch Competition 2024**, judged by a former CFO of JP Morgan.

Credit Risk Assessment & Agricultural Finance

- Conduct credit assessment and risk analysis by reviewing financial statements, cash flow projections, and repayment capacity of farms; prepare recommendation reports that support management investment decisions.
- Support structured financing for agricultural supply chains, ensuring optimal working capital management for farmers, traders, and aggregators.
- Support treasury coordination including fund allocation planning and payment scheduling.

Training, Facilitation & Team Leadership

- Founded and ran a digital learning venture teaching **10,000+ students** and delivered a countrywide science competition with **5,000+ participants**.
- Managed a **50-member team across six technical divisions** as Team Manager of Team Kiloflight, KUET's Formula Student race car team, competing in Japan and England.
- Brief and guide field teams on documentation standards, client onboarding, and regulatory compliance across multiple regions.

PROFESSIONAL EXPERIENCE

WeGro Global — Business Development Unit *Dhaka, Bangladesh*

Assistant Manager | November 2025 – Present

- Own the bank, MFI, and NGO financing partnership portfolio (BDT 30+ crore combined) across eight banks and partners including Grameen Bank and Sajida Foundation.

- Present quarterly performance reviews to partner boards and to WeGro senior management; oversee credit risk assessment on farm borrowers and support treasury fund allocation and payment scheduling.
- Continue to lead OGRO and built the OGRO ERP, automating field operations management, reporting structures, and target monitoring across the regional field force.

Senior Executive | November 2024 – October 2025

- Led OGRO product development from concept through onboarding, credit assessment, documentation, disbursement tracking, and collection management.
- Conducted credit assessment and risk analysis on farm borrowers and prepared investment recommendation reports; supported structured agricultural supply chain financing.
- Coordinated with banking partners on documentation and compliance, and prepared financial reports, disbursement summaries, dashboards, and forecasts.

Management Trainee | May 2024 – October 2024

- Supervised operations across multiple regions and analysed loan size deviations and portfolio irregularities in agricultural financing.
- Conducted farmer FGDs and field-level borrower verification, and supported digital reporting and performance tracking systems.

Online Marvels Bangladesh

Founder & Managing Director | 2021 – 2022

- Built and led a digital education venture serving 10,000+ students during COVID-19 and organised a countrywide science competition with 5,000+ participants.

ASSIGNMENTS & PROJECTS

OGRO — End-to-End Digital Platform for Smallholder Farmers | WeGro Global (2024 – Present)

Led development of a farmer-journey platform spanning financing, quality inputs, market access, and advisory. Reached 15,000 farmers, reduced bank disbursement turnaround from 45 days to 20 days, and supported a 20% harvest improvement in maize and onion.

Bank, MFI and NGO Financing Partnership Portfolio | WeGro Global (2024 – Present)

Manage a BDT 20+ crore portfolio across eight banks (BRAC Bank, Prime Bank, Mutual Trust Bank, City Bank and others) and a BDT 10+ crore portfolio with MFIs and NGOs including Grameen Bank and Sajida Foundation — covering loan documentation, KYC and CIB verification, disbursement tracking, issue resolution, and quarterly board-level reporting.

Farmer Needs Assessment through Focus Group Discussions | WeGro Global (2024 – Present)

Designed and facilitated FGDs with 500+ farmers across 20+ upazillas to surface constraints in access to finance, inputs, and markets, and translated the findings into OGRO product features and field processes.

OGRO ERP — Field Operations Automation | WeGro Global (2025 – Present)

Automated field operations management, reporting structures, and target monitoring, improving data quality and turnaround for the regional field force.

EDUCATION & QUALIFICATIONS

BSc in Mechanical Engineering | Khulna University of Engineering & Technology (KUET), 2024 | CGPA 3.20 / 4.00

Higher Secondary Certificate | Notre Dame College, Dhaka, 2018 | GPA 5.00 / 5.00

IELTS — Overall Band 7.0 | Professional working proficiency in English

AWARDS & COMPETITIONS

- **Champion — WeGro Pitch Competition 2024** (Organiser: WeGro Management; judged by a former CFO of JP Morgan).
- **Regional Finalist (China) — Hult Prize 2020**; 1st Runner-Up in the campus round for an eco-friendly business concept.
- **2nd Runner-Up — MELBU Future Founder's League** (Organiser: MELBU, Germany) — financial analysis and supply chain management.
- **Champion — Traction 2020**, BRAC University — supply chain management case competition; **Top 40 Semifinalist, Ennovators 6.0** (Banglalink Telecom Ltd.); **Champion, RPL 2023** — team leadership.

LEADERSHIP & CO-CURRICULAR ENGAGEMENT

- **Team Manager, Team Kiloflight (2021–2023)** — KUET's Formula Student race car team; managed 50 members across six technical divisions and competed in Japan and England.
- **Executive Member, IMechE KUET Chapter (2022–2023)** — organised the IMechE International Seminar and the national festival IGNITION 2023.

TECHNICAL SKILLS & LANGUAGES

Analysis & Productivity: Microsoft Excel, Microsoft Office Suite, Google Sheets, Notion, Claude Code & Cowork.

Technical: SolidWorks (2018), ANSYS Fluent (2020), Looker Studio

Languages: Bangla (native), English (professional — IELTS 7.0)
